Current Business
OELMA Proposal and Contract-OELMA received the Board’s decision to terminate the contract as well as a letter from the Board President explaining the situation. A proposal was prepared which increased the cost of the contract by $3400. OELMA Board support was dropped from the proposal as well as some of the website support. Advisement will continue for the website for four free hours. After that they will be billed at the Gold Member consulting rate in 15- minute increments. Strict guidelines regarding contact times and the conference support were delineated. Project requests will be submitted using a form and/or possibly online format. The new contract and conditions will begin 1/14/2020 if accepted. Clarification was required for the wording regarding the ability to withdraw from the contract with a 90 day notice.

Resolution #2020-9 OELMA Proposal
Jim Wilkins motioned, and CJ Lynce seconded to accept the proposal to OELMA with recommended changes. The motion passed unanimously by a roll call vote.

Salary Survey-NEO received a quote from ERC for $7,000-$12,500 depending on number of participants. Brad Stephens was contacted to see if he’d be able to help with the survey, but could only give NEO-RLS one hour to speak with a programmer. Software and analytics have been looked into. A meeting was held to discuss job classifications. The concern regarding how often the survey would have to be done was discussed as it would be costly to maintain the contract with ERC on a yearly basis. A discussion was had on how to incentivize participation as well as how to share the cost of the survey with participants. Several concerns about how to fund and who to charge for access were shared.

New Business
Staff Development Conference - At Hilton this year. Easier flow, food better, but were limited to six breakouts. Friday was more relaxed than Monday. The possibility of holding a staff development twice a year was shared. Other options opposed to a Staff Development conference were proposed. Critical Conversations-Topics for the 2020 Critical Conversations were suggested.
